**Subject:** public records request 2: a count of complaints

Hi Charity,

Please take note of the following request for records. I will be sending two others. Please respond to each as the requested information is available, rather than waiting to respond to all of the requests at once.

Pursuant to the Vermont public records law (1 V.S.A. §§ 315-320), I hereby request the following records:

*An accounting of all complaints to the AGO made in 2018 regarding the company known as datapath, and/or the healthcare reimbursements offered to Vermont educators through the Vermont Education Health Initiative (VEHI), including the date each complaint was made. This could be a count of complaints by date, or a list of all complaints including a date and unique identifier.*

The requested documents will be used by Vermont Public Radio to inform the public. This request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 3 business days, as the statute requires.

Sincerely,

Emily Corwin
